

SONDER & CO.

Hey there!

We are SO EXCITED that you are interested in submitting your work to be shared and sold to the Pittsburg, Kansas community. We are a company that strives to create a space that serves its community as a platform for local artisans by implementing tactical localism. At its simplest form, tactical localism is taking the desire for local choices into the hands of consumers; we are consumers who want localism and are creating a place for it in our community.

We are proud to say that we are officially accepting artisans applications for our e-commerce and physical location. We can't wait to see where this goes!

Sonder on,

THE SONDER GIRLS

Kailey Pearson & Brittan Brenner
